

# PLANNED GIVING

TO NEIGHBORHOOD HOUSE OF MILWAUKEE

For over 70 years, Neighborhood House has provided high quality services to the next generation of community leaders, U.S. citizens, and Milwaukee residents. A cornerstone of Milwaukee's Near Westside, we plan to continue offering educational and family programming for many years to come. Donors who wish to express their commitment to the goals of Neighborhood House might consider designating a planned gift to our organization.

There are many ways to give, including:

**in a living will or trust**

**property donations**

**stock donations**

**honorary endowments**

*(now or through you estate plan)*

Your gift in any form and amount will leave a lasting legacy.  
For more information contact:

**Claire Van Fossen, Director of Development**

# WHY I PLAN TO GIVE TO NEIGHBORHOOD HOUSE

*“Both sets of my grandparents came from Russia. They worked hard and found opportunities through, grit, determination and faith. When I walk into the International Learning Center I feel the spirit of my grandparents. I see it reflected in the eyes of the refugees who have come to learn more about our country. I see it in the gentle way they patiently tend to their children. I see it when they smile to themselves as they understand ideas like rule of law or democracy. Ideas that have become real to them; ideas that have made them want to become part of our country. The United States is a country founded and built by refugees. I am proud to be part of our noble heritage.”*
