Your participation supports...

Our Mission:

To inspire discovery in children and families of all backgrounds in our community.

Our Vision:

To be the educational, civic cornerstone that strengthens families and builds connections across communities.

Founded in 1945 as a community center for urban youth, families and seniors, we expanded our service programming to meet emerging needs. This includes high quality early childcare, after school programs for youth and teens, adult education for refugees, parenting support, environmental and science education, arts enrichment and a Food Pantry.

Last year at NH ...

5,522 children, teens, seniors and families were served in person.

96% of children up to age four showed developmental improvements in communication, social/emotion skills and in ability to cooperate with peers.

53 adults and children became U.S. citizens with the assistance of NH's International Learning, Program.

Early Childhood & Youth Programs rated as *"Exceeds Expectations"* by United Way
— a designation given to only 23 of 200+ United Way funded programs.
